Design Expansion

AS THE TRIBECA DESIGN COLLECTIVE DUNE continues to grow, company founder Richard Shemtov and design director Nick Dine have created a new 10,000-sq.-ft. retail space with 16-ft. ceilings and 11-ft.-high windows to show off the latest 15-piece collection. The line includes products from Dune design alumni Harry Allen (Ferguson, a sectional), Michael Solis (an aluminum-framed chair called Trudy), and Nick Dine (Ravioli lounge seating), as well as new work from Jens Denecke (Bruns table). Also check out new lighting from Marcel Wanders and glass pieces by Suzanne Charbonnet. A full story on the new showroom will appear in an upcoming issue. Dune, 88 Franklin Street, New York, NY 10013. www.dune-ny.com.
